

*Providing specialist careers advice and
enterprise programmes for primary schools*

Developing your children's employability skills, awareness of the world of work and future careers is vital from a young age, and has real benefits when it comes to transition to secondary education as well as increasing their confidence, motivation and aspirations.

EMPLOY

JUNIOR

Our programmes provide your children with access to innovative and engaging activities that involve local employers and link to the primary curriculum.

Enterprise and Employability

Provides you with interactive, fun activities which involve local employers and that develops skills such as team work, communication and problem solving, and involve your children forming a business to provide a service or make a product to sell.

"Time For a Change" is a fun, interactive Enterprise programme for primary schools aimed at years 5 and 6 with a recycling theme and includes a full teacher resource pack. Children set up their own mini business to design, make and sell a product with the

programme typically lasting over a term finishing with a "dragons den" style session where groups of children present their business idea to a panel of employers. The programme can be run with a cluster of schools, or a single school, and can link to secondary feeder schools as part of a transition package.

Career Fairs

Involving a range of employers Careers Fairs are an opportunity for your pupils to meet employers and find out about different jobs and businesses all in one place. The fairs are interactive and suitable for both key stage two and three and give you the opportunity to build strong relations with local employers.

Employer Links

Provides you with access to a vast range of employers in different sectors in your local area to help you in enhancing your curriculum offer and build worthwhile business links. This could include Careers Talks in school, contribution to specific aspects of the curriculum such as science, or providing strong and influential role models in specific industries and jobs to help raise aspirations.
